APPLE SEEDLINGS

APPLE SEEDLINGS BOXED RIGHT.

FROST PROOF PACKING.

A new "wrinkle" in packing—notice the cut—we use heavy tongued and grooved boxes. The first lining is a heavy corrugated paper. The corrugations are turned in, then another lining of smooth paper. This makes a complete dead air space between the papers. While this makes expensive packing, we charge no more for it than you pay for the ordinary packing. We are mutually interested with the purchaser in seeing that our stock gets through unfrozen.

You will notice by the cut that we use a roll of shingle-tow around the edge of the box and pack the seedling with the roots to the center.

The season of "cold waves" is at hand and the question of packing is of vital importance.

We offer as follows:

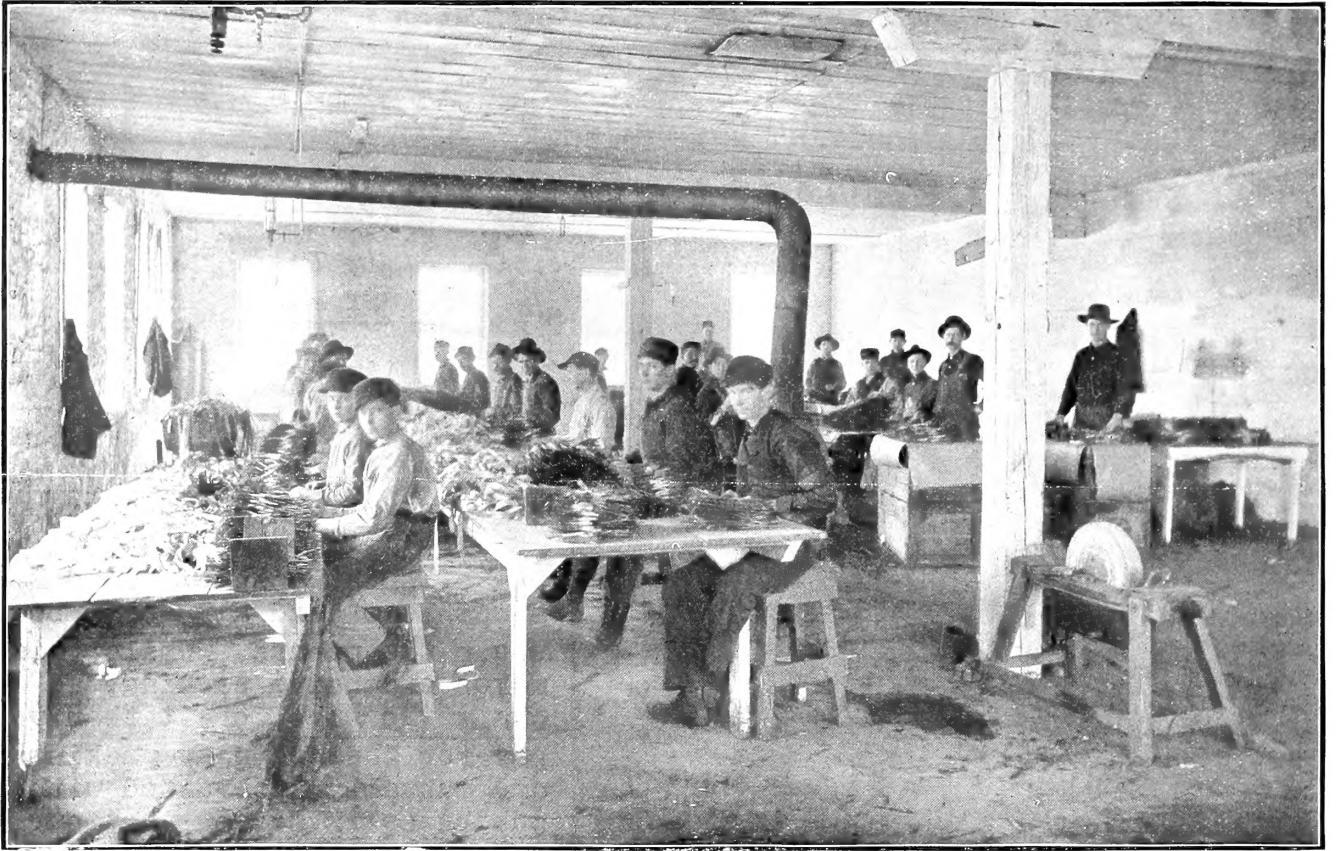

- Apple Seedling, #1, 3/16 and all up, straights (special prices)
- Apple Seedling, #2, 2/16 to 3/16, strong grade (special prices)
- Apple Seedling, #3, for lining out to bud.....\$1.00 per M.

This stock is free from aphids and disease and is the finest we have ever raised. It is all graded and ready for immediate shipment. We always ship in refrigerator cars and when packed in the above manner, the danger of freezing is reduced to a minimum.

We box free where cash accompanies the order.

Our stock is all covered by Entomologist's Certificate.

APPLE GRAFTS

ONE OF OUR GRAFTING ROOMS.

We put up a million or more Apple Grafts for the trade each year. We are unusually well prepared this year for handling graft orders. Our seedlings are extra fine and we have a long list of scions cut from scion orchards and bearing trees.

We are pleased to quote the following prices:

Apple Grafts, piece root ($3\frac{1}{2}$ in. root, 6 in. scion), 10 M. up...\$5.00 per M.
Apple Grafts, piece root ($3\frac{1}{2}$ in. root, 6 in. scion), 5 to 10 M...\$5.50 per M.
Apple Grafts, piece root ($3\frac{1}{2}$ in. root, 6 in. scion), 1 to 5 M...\$6.00 per M.
Apple Grafts, (whole root, 6 in. scion).....5 M...\$7.00 per M.

VARIETIES:—Can do sorts given under heading Apple Trees, and many others.

APPLE SCIONS.

We have quite a quantity of Apple Scions and would be pleased to quote prices on these upon application.

PEAR SCIONS.

Kieffer (extra fine scions—not too heavy).....\$2.00 per M.

TWO YEAR APPLE

We have a fine lot of two year Apple, graded and in the cellar ready for early shipment. These are from a block that made an extra good growth and are sure to please. We shipped out a number of cars for winter storage which gave the very best of satisfaction. The following extract from a letter received from a customer gives an idea of the quality of the stock:

"We got the car of apple last week. Just finished checking them and putting away for the winter. I wish to say they are the finest lot of Apple all through that we ever received. We never saw such nice roots on apple trees."

APPLE SEEDLINGS.—These Are the Identical Stocks We Are Offering.

APPLE SEED.

We are offering a few bushel of fresh French Crab Seed. We were disappointed in securing enough ground for our plant, hence we are offering a small surplus. These seeds are now on the water and are due to arrive in a few days. They are coming from one of the leading houses in France, the same firm which furnished the seed for the output shown in above photo. We offer at the following price for cash.

Per bushel.....\$16.00

APPLE SEEDLINGS FOR FALL 1912.

It is our custom to offer seedlings at this time for the coming year. If you are interested in buying in advance, let us quote you prices.

We grow some seedlings each year under contract, furnishing the seed at cost, the other party taking the output at specified prices for the several grades—Can we interest you in this proposition?
